What does RESPECTFUL mean?

The dictionary says showing respect is the act of giving attention, thought, gratitude or admiration to someone.

When you are respectful you recognize and appreciate others for who they are.

It is being aware of how you treat yourself and others, and doing so with kindness.

Respect My Groove

As a dancer, it is important to be respectful of your friends' grooves. There are many different styles of dance that are perfect for different types of people. Everyone has a different style, even if they are completing the same move!

Alix also knows how important it is to be respectful of time. She always likes to arrive early to dance rehearsal and meetings to show respect.

This weekend Alix and her friend Moose are entering a dance competition. They arrived 15 minutes early and signed in. When they checked in, they were each handed a sticker with a number on it. Alix and Moose are going to practice being respectful by quietly and patiently waiting for their number to be called.

Respect My Groove

Alix and Moose need to listen carefully for their numbers to make sure they aren't late for their audition! Help them listen to the announcer to hear whose number is called.
